A bit about me

I build web apps for small teams, from the database to the button. I enjoy products where one person can see the whole picture.

Where I've worked

Full-stack Developer
Kiln Studio · Oradea, Romania
Jan 2021 – Present

Develop booking tools for craft studios and small galleries.

- Shipped a booking calendar that now handles 3,000 reservations a month.
- Replaced a spreadsheet-based invoicing process with an automated one.

Web Developer
Freelance · Remote
Jun 2018 – Dec 2020

Websites and small tools for local businesses.

- Delivered 17 projects for clients in four countries.

What I've built

Potluck
potluck.example.com

A free app for planning shared dinners, used by about 800 people.

Tidemark
github.com/nadia-example/tidemark

An open-source tool that checks websites for broken links.

Toolbox

TypeScript
Product thinking
React
Clear writing
Node.js
PostgreSQL
Docker

Where I studied

Bachelor's degree, Computer Science
University of Oradea · 2014 – 2018

Hobby-uri

bouldering, pottery, board games
